THE CORE

Advanced Onion Inc. is a **DoD-focused technology company** specializing in **people analytics** and **identity services**, and the related core competencies of **insider threat**, **continuous evaluation**, **biometrics**, and **signature reduction**. Through our work in these areas, we also have expertise in **identity systems**, **supply chain risk**, **IT Support Services (ITSS)**, **personnel security**, **cybersecurity** and **information assurance**, **enterprise architecture**, and **application modernization**. We are a Service Disabled Veteran Owned Small Business (SDVOSB)

Original developer of DoD/DMDC **Mirador** Program for Continuous Evaluation of over 2M security clearance holders.

DoD/DMEA **Vendor Quantitative Trust** study for supply chain security of microelectronics circuits for DoD programs.

DoD/DIUX challenge for "**Finding Transnational Criminals**" via open/dark net synthetic identity correlation.

MISSION

To become a valued partner to our customers and provide them with relevant solutions that are scalable, seamless, transparent, and cost-efficient.

VISION

To be the industry leader in enabling our customers to provide access to information and data how, where, and when needed.
