

ADVANCED ONION, INC

PEELING BACK THE LAYERS OF TECHNOLOGY

Our DNA lies in **People Analytics & Identity Management** - insider threat analytics, continuous evaluation, biometrics, signature reduction and related identity analysis with AI/ML and other advanced technologies; **IT Support Services** - cybersecurity and information assurance, enterprise architecture, network management, DevSecOps, and application modernization; and **Contact Center Operations** - customer call center technical operations, program management, and help desk support. These are our core competencies and our passion.

People Analytics & Identity Management

- Original developer of DoD/DMDC *Mirador* – DoD's Program of Record for Continuous Evaluation of over 4.5M security clearance holders.
- DoD/DMEA *Vendor Quantitative Trust* study for supply chain security of microelectronics circuits for DoD programs.
- DoD/DIUX challenge for "*Finding Transnational Criminals*" via open/dark net synthetic identify correlation.
- DoD/DHRA *Modernization of Biometric Capture Small Business Innovation Research (SBIR)* feasibility study for remote identity verification and authentication of DoD personnel.
- DoD/SOCOM *Topological Anomaly Detection* SBIR feasibility study for personal and transaction identification in financial data using Graph Analytics and Graph Neural Network AI/ML techniques.

People Analytics & Identity Management

IT Support Services

Contact Center Operations

IT Support Services

- DoD/DMDC *Enterprise Management Information Technology Services (EMITS)* - full range of IT-related services and technical solutions in the DMDC IT infrastructure.

Contact Center Operations

- DoD/DMDC 24/7/365 customer service support for the *Customer Contact Center* with responses to over 10,000 calls per month; extensive program management support, and 24/7/365 support for the Automated Call Distribution (ACD) system.
